

Revenue cycle services tailored to your needs

Staffing shortages are increasing, and so is aging debt. WellSky Revenue Cycle Services experts can help. With a fully staffed team of highly skilled revenue cycle professionals, we aggressively pursue your aging AR for faster payments now while significantly reducing write-offs. Collecting on your behalf is our goal — **we only get paid if you get paid**.

Choosing the right revenue cycle experts can be challenging. Unlike other vendors, the WellSky Services team knows your CPR+ and CareTend solutions very well. Whether you need additional staff or want to reinforce your current team's efforts, we are here to help create custom projects to get you back on track and keep your business running efficiently.

Running a business is tough. We can help ease your financial burden by offering a **complimentary analysis** to see if collections or other services can help improve your billing results.

Call today for a detailed audit analysis of your billing processes.
